New Imperialism, period of intensified imperialistic expansion from the latter half of the 19th century until the outbreak of World War I in 1914. The renewed push to expand territorial control included not only the earlier colonial powers of western Europe but also newcomers such as Germany, Italy, Japan, Russia, and the United States... Background and characteristics

New Imperialism | History, Summary, & Causes | Britannica

A key danger of cultural imperialism is the possibility that American tastes will crowd out local cultures around the globe. The McDonaldization of the globe applies not just to its namesake, McDonald's, with its franchises in seemingly every country, but to any industry that applies the technique of McDonald's on a large scale.

For much of U.S. history, leaders viewed world stability through the lens of Europe. If the European continent was stable, so too was the world. During the Cold War era that followed World War II, stability was achieved by the existence of dual superpowers, the United States and the Soviet Union, and by the real fear of the nuclear annihilation ...
