beyond empathy | art, influence, change

Although the client-therapist relationship is central, Beyond Empathy: A Therapy of Contact-in-Relationship, by Erskine et al., presents a timely model of psychotherapy that is empirically sound and appeals to clinicians who are in search of a theoretical orientation or a therapeutic stance capable of accommodating the demands of a modern day psychotherapy practice.

Integrative Psychotherapy Books

Thus, even though empathy has been shown to be a critical part of therapy (Norcross & Wampold, 2011), if there is too little or too much empathy, the outcome of therapy may be negatively impacted. Despite the critical nature of empathy in psychotherapy, the concept of problematic empathy has not been extensively explored in the literature.
