### Generation A: A Novel: Coupland, Douglas: 9781439157022 ...

Generation A is set in the near future in a world where bees are extinct, until five unconnected people all around the world— in the United States, Canada, France, New Zealand, and Sri Lanka—are all stung. Their shared experience unites them in ways they never could have imagined.

### Generation A — Douglas Coupland : Douglas Coupland

Douglas Coupland's Generation A sees a not-too-distant world of ours devoid of bees and therefore things like fruit and flowers. A strange drug called Solon is sweeping the planet, it's effects rendering the user carefree and unafraid of the future with a deep inner peace that stops them interacting with other humans and makes them seek solitude.

### Generation A by Douglas Coupland - Goodreads

The title of the book is an obvious nod to his brilliant Generation X: Tales for an Accelerated Culture. I was expecting the same piercing insight on the current generation that he offered to us Gen Xers a couple decades ago. Unfortunately, Coupland did little more than transplant the Generation X mindset into younger bodies.

### Douglas Coupland - Wikipedia

Douglas Coupland is largely sort of awful, but he didn't completely start out that way. There's a certain inspiration to his earliest works, which comes in most concentrated form here. Sure, it's a novel made up almost entirely of the cynical listlessness of all Generation X cliches that followed, but that's the entirely appropriate result of this being the book that defined the cliches.

### Generation X: Tales for an Accelerated Culture by Douglas ...

Generation X: Tales for an Accelerated Culture is the first novel by Douglas Coupland, published by St. Martin's Press in 1991. The novel popularized the term Generation X, and is a framed narrative, in which a group of youths exchange heartfelt stories about themselves and fantastical stories of their creation. Coupland released the similarly titled Generation A in September 2009.
