Jean Murray. Updated April 16, 2019. International arbitration is a process of dispute resolution that works in a similar way to arbitration in the U.S. In international arbitration, disputes are settled by a specific process that includes an arbitrator. The purpose of international arbitration is "to provide businesses engaged in international transactions with a neutral forum for dispute resolution."

What Is International Arbitration

Public/Private, Formality The arbitration process is private, between the two parties and informal, while litigation is a formal process conducted in a public courtroom. Speed of Process The arbitration process is fairly quick.
