Blueprints are 2-dimensional architectural design drawings that indicate the size of a planned building, the materials to be used in its construction, and the placement of its features. Learning to read blueprints is essential not only for construction workers but also for the people who hire architects to draft them.

List Building Blueprint Learn How To Build A Responsive ...

Given the blueprint-learning system, I think there are two core things the player will want to be able to do. The first is being able to build the ships and weapons for their own use. If they find a "Light Needler" blueprint (a rare, highly effective anti-shield weapon), you can bet the first thing the player will want to do is make a bunch of them to equip their ships.
