Terminology. The word slave arrived in English via the Old French sclave.In Medieval Latin the word was sclavus and in Byzantine Greek σκλάβος. Use of the word arose during the Early Medieval Period, when Slavs from Central and Eastern Europe were frequently enslaved by Moors from the Iberian Peninsula and North Africa.. There is a dispute among historians about whether terms such as ...

As the world's economies become more integrated and the global economy subsequently grows, there is increasing concern regarding how such trends will affect the environment. In fact, the relationship between globalization and the environment has become quite contentious in policy circles. In part in response to these controversies, a burgeoning amount of academic attention has emerged that ...

The extent to which pre-Columbian societies in Amazonia occupied and significantly altered the tierra firme (nonflooded, nonriverine) forest environment is an enduring question and the subject of a current debate. Our research addresses these issues in tierra firme forests of northeastern Peru. We present phytolith and charcoal data indicating the forests were not cleared, farmed, or otherwise ...
