Indeed, that friends have a reciprocal effect on each other is a part of the concern for equality many find essential to friendship, and it is central to the discussion of intimacy in Section 1.2. (For more on the notion of caring about another for her sake and the variety of philosophical accounts of it, see the entry on love.) 1.2 Intimacy

### Friendship (Stanford Encyclopedia of Philosophy)

A robot is a machine—especially one programmable by a computer—capable of carrying out a complex series of actions automatically. A robot can be guided by an external control device, or the control may be embedded within. Robots may be constructed to evoke human form, but most robots are task-performing machines, designed with an emphasis on stark functionality, rather than expressive ...

We turn now to transcription in eukaryotes, a much more complex process than in prokaryotes. In eukaryotes, transcription and translation take place in different cellular compartments: transcription takes place in the membrane-bounded nucleus, whereas translation takes place outside the nucleus in the cytoplasm. In prokaryotes, the two processes are closely coupled (Figure 28.15).

### Section 28.2 Eukaryotic Transcription and Translation Are ...

Place points on a number line. Round these values to the nearest ten or hundred. Visualize rounding by showing the number line as a hill or series of hills. These hills cause the points to roll to the nearest valley (nearest multiple of ten or one hundred).

The links I talked about. The 12th Edition of the ARRL Extra Class License Manual For Ham Radio is a mandatory adjunct to this course. In fact, just as with the Technician set of videos and the General set of videos, it is the course! Just to reiterate: you need the manual! These videos give you an overview of the sections you'll be studying, along with a few videos of how things actually work.
